PROFILE

Computer Science Engineering graduate passionate about software development, AI/ML, and emerging technologies, with strong programming and problem-solving skills. Eager to apply technical expertise, continuously learn, and contribute to innovative solutions. Seeking an opportunity to gain industry experience and create value in a dynamic, growth-oriented organization.

EDUCATION

B.Tech – Computer Science Engineering 2022–2026
GITAM University | CGPA : 8.06

Intermediate (MPC) 2020 –2022
Sri Chaitanya Junior College | 7.78 (778)

SSC – Primary School 2020
Dilsukhnagar public school | CGPA : 10.0

SKILLS

- **Technical Skills** : Python, Java , HTML, CSS, SQL
- **Technologies & Tools** : Git ,GitHub
- **Soft Skills** : Leadership , Communication , Time Management , Problem- Solving

INTERN EXPERIENCE

AIML Intern: Bharatversity –Hyderabad | June 2025 – July 2025

• Gained hands-on experience with core Machine Learning algorithms including Linear & Logistic Regression, K Nearest Neighbors (KNN), and Clustering techniques. • Worked on both supervised and unsupervised learning models for real-world datasets, focusing on model training, evaluation, and optimization. • Applied data preprocessing, feature engineering, and model selection techniques using Python libraries such as scikit-learn, Pandas, and NumPy.

PROJECT

- Built a personal finance dashboard using **Python, Streamlit, and Pandas** that allows users to upload bank statements (CSV) and get automatic categorization of expenses and income.
- Implemented **smart keyword-based logic** for transaction categorization with **persistent JSON mapping** and support for manual edits to improve accuracy over time.
- Designed dynamic, interactive **Plotly visualizations** and added support for multi-currency detection (e.g., INR, AED) and **inconsistent date format handling** for global usability.

CERTIFICATIONS

- Certified in **Python Essentials 1**-Cisco Networking Academy Learned fundamental concepts of computer programming using python, understanding variables, data types, and conditional statements.
- Certified in **AI Fundamentals: Foundations of Understanding AI-IBM Skillsbuild** Learned fundamentals of AI concepts including Machine Learning, Deep Learning and Neural Networks, Explored real-world AI applications and ethical considerations in AI systems.

EXTRA-CURRICULAR ACTIVITIES

- National Service Scheme (NSS): Participated in community service initiatives such as awareness
