SUMMARY

Computer Science student skilled in Java, Python, SQL, Full-Stack Development, Data Structures, Algorithms, OOP, and DBMS. Experienced in developing web applications and data-driven solutions. Seeking a Software Engineer role to build scalable applications and contribute to innovative technology solutions.

EXPERIENCE

Web Development Intern

Sept 2025 – Dec 2025

Unisights

- Built a full-stack web application for students seeking overseas education consultancy.
- Developed responsive UI using React and Bootstrap; integrated Axios with JWT authentication.
- Used Git and GitHub for version control, feature branching, and pull requests.

PROJECTS

Avocado Analytics | Python Dash, Plotly

May 2025 – July 2025

- Developed an analytics dashboard with KPI visualizations using Dash and Plotly, enabling real-time exploration of business metrics.
- Performed data cleaning, transformation, and analysis using Pandas.
- Enhanced dashboard usability through dynamic filtering and interactive charts.

Legal Assistance Platform | HTML, CSS, JavaScript, Node.js

July 2024 – Sept 2024

- Developed a web platform providing legal information and resources for students and citizens.
- Built web scraping modules to collect legal articles, judgments, and public resources.
- Implemented responsive front-end interfaces for improved accessibility and user experience.

EDUCATION

Keshav Memorial Institute of Technology

Hyderabad

B.Tech in Computer Science and Engineering — CGPA: 8.3

2022 – 2026

Sri Chaitanya Junior College

Hyderabad

Intermediate (MPC) — CGPA: 9.7

2020 – 2022

Arya Bhatta High School

Hyderabad

SSC — CGPA: 10.0
